#### Introduction:

LEA: Wright Elementary School District Contact (Name, Title, Email, Phone Number): Adam Stein, Superintendent, astein@wrightesd.org, 707-542-0550 LCAP Year: 2015-16

## Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

### **State Priorities**

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

#### A. Conditions of Learning:

**Basic:** degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

**Implementation of State Standards:** implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

**Course access:** pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

**Expelled pupils (for county offices of education only):** coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

**Foster youth (for county offices of education only):** coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

#### **B.** Pupil Outcomes:

**Pupil achievement:** performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

**Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

## C. Engagement:

**Parental involvement:** efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

**School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

#### **Section 1: Stakeholder Engagement**

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

### **Guiding Questions:**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP

2. Parent meetings on March 30 (RL) and March 10 and April 9 (JX)	students, and foster youth. All groups knew that only a part of the list could be
3. CSEA and classified staff on March 11 and April 8 (JX) and March 10 and	implemented. Some of the things suggested that may be acted on:

April 20 (RL)

- 4. Student councils on April 23 (JX) and April 16 (RL)
- 5. ELAC parent group on March 13 and April 18 (RL) and March 9 and May 4 (JX)
- 6. District parent advisory group on April 8
- 7. WEA, teachers' bargaining unit on April 28

Data was shared on student achievement, student discipline, English Learner data, as well as the District goals.

After data from this year was shared, participants were asked a set of questions intended to help them understand the LCAP process and requirements and to help them in the brainstorming process for new goals.

The superintendent replied in writing to the few questions that were raised in the ELAC meeting and parent meetings on June 5, 2015.

The District held a public hearing in front of the governing board on June 16, 2015 to hear both the LCAP and the budget on separate agenda items. The LCAP and the budget were approved by the governing board on June 18,2015

Teachers: More instructional assistants at the primary grades, behavioral support for dealing with difficult kids, whole class sets of Chromebooks for grades 3 - 8, hiring a second P.E. teacher for the district.

Instructional Assistants/CSEA: more instructional assistants with better training, behavioral support training,

Parents: More PE and music, translation services expanded (through use of headsets)

Students: More P.E., Chromebooks for the classroom, more materials for library and playground.

## **Annual Update:**

A series of meetings was held with a variety of stakeholder groups both for the annual update and to review the next three year LCAP.

A broad list of recommendations came from all of these groups and have been correlated into a data base. Some of the groups had specific recommendations

The meetings for 2015 were:

- 1. Site teachers on April 16 for JX and RL.
- 2. Parent Town Hall meetings on March 30 (RL) and April 9 (JX)
- 3. CSEA and classified staff on April 8 (JX) and March 10 and April 20 (RL)
- 4. Student councils on April 23 (JX) and April 16 (RL)
- 5. ELAC parent group on April 18 (RL) and April 25 (JX)
- 6. District parent advisory group on April 8
- 7. WEA, teachers' bargaining unit on April 28

## **Annual Update:**

A broad list of recommendations came from all of these groups and have been correlated into a data base. Some of the groups had specific recommendations that were addressed and put into that data base. The superintendent and the administrative team have reviewed the recommendations and prioritized them in terms of what would provide the needed increase and improvement in services to English Learners, low income students, and foster youth. All groups knew that only a part of the list could be implemented.

The recommendations have been incorporated into new goals and the goals have been consolidated. The summary of input is listed in the "Impact on LCAP" section above.

Actions taken on the LCAP goals, and data results from this year, were reviewed. Data included growth on DIBELS scores, the Preliminary Title III Accountability Report showing student growth on CELDT, suspension rates, and number of contacts made by the new bilingual community liaisons. Actual data reported is reflected in the annual updates in this document.

### Section 2: Goals, Actions, Expenditures, and Progress Indicators

#### Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Action/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

### **Guiding Questions:**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

scores curricu	s each year in English and m Ilum and materials in math a	academic growth as evidenced by at least a 10% increase in assessment nath. All students will have access to common core standards aligned and ELA. Metrics will include state and local standardized, formative, and BELS, and other curriculum based measures. Identified Need :	On the end-of-year DIBELS battery of literacy assessments, approximately 56% of the students, district-wide, are scoring at grade level overall, according to their "composite" scores. Looking at the assessment sub scores, 56% of the students are meeting the reading fluency goal for their grade levels, and 60% of the students are meeting grade level accuracy goals, district-wide.  On the first Common Core-aligned district Math Benchmark Assessments administered in the Fall of 2014, 63% of the students in grades 6 scored at grade level, with 78% of the 1st graders, 81% of the 2nd graders, 45% of the 3rd graders, 63% of the 4th graders, 52% of the 5t graders, and 56% of the 6th graders meeting the first Benchmark.  100% of our students are using EngageNY math curriculum which is common core aligned. 100% of our students, including English learner and students with disabilities, are receiving common core aligned ELA instruction through modified, teacher created units.  N/A for API, CTE, A-G, EAP, & AP tests.				
Goal Applies to:	Schools: All				
	Applicable Pupil Subgroups:	All students			

### **LCAP Year 1:** 2015-16

# Measurable Outcomes:

Expected Annual At least 62% of the district students, overall, will score at grade level (i.e. have a Composite Score of "Core") on the DIBELS battery of literacy assessments, and at least 62% of the students will meet the reading fluency and accuracy goals for their grade level. In addition, using a cohort analysis of students at each grade level over the year, students will, on average, increase their DIBELS Composite scores by 10% by the end of the year (i.e. comparing beginning of the year scores to end-of-year scores.)

> At least 70% of the students in grades 1 - 6 will achieve a passing score on the first trimester math benchmark assessment, with 85% of the 1st graders, 90% of the 2nd graders, 50% of the 3rd graders, 70% of the 4th graders, 58% of the 5th graders and 62% of the 6th graders meeting grade level standards.

> We will continue to improve and maintain common core aligned curriculum in both math and ELA for 100% of our students, including English learners and students with disabilities.

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
The district will maintain a Director of Curriculum to oversee all areas of curriculum and instruction. The Director will also be responsible for our ELD program. ### **LCAP Year 3**: 2017-18

# Measurable Outcomes:

Expected Annual At least 75% of the district students, overall, will score at grade level (i.e. have a Composite Score of "Core") on the DIBELS battery of literacy assessments, and at least 68% of the students will meet the reading fluency and accuracy goals for their grade level. In addition, using a cohort analysis of students at each grade level over the year, students will, on average, increase their DIBELS Composite scores by 10% by the end of the year (i.e. comparing beginning of the year scores to end-of-year scores.)

> At least 85% of the students in grades 1 - 6 will achieve a passing score on the first trimester math benchmark assessment, with 90% of the 1st graders, 90% of the 2nd graders, 70% of the 3rd graders, 80% of the 4th graders, 70% of the 5th graders and 75% of the 6th graders meeting grade level standards.

100% of our students will receive CCSS aligned curriculum including English learners and students with disabilities.

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
The district will maintain a Director of Curriculum to oversee all areas of curriculum and instruction. The Director will also be responsible for our ELD program. That person will provide planning, training, data tracking, testing coordination, and related tasks for all students. #### **LCAP Year 1:** 2015-16

## Measurable Outcomes:

Expected Annual Increase in student achievement scores by 10% over the baseline levels in 14-15 on the SBAC. 73% of the EL students, district-wide, will move up one level on their overall CELDT score, and for district EL students here less than five years, 35% of them will attain English Proficiency, while for those EL students here five or more years, 70% will become fully proficient in English. The re-designation rate will rise to 16%.

> On the 2015-16 California Healthy Kids Survey, at least 53% of the surveyed students will report feeling safe at school all the time, and 37% will report feeling safe most of the time.

We will see an increase in ADA across all sites by 1% over 14-15 to 521 at RL and 572 at JX, reduction in chronic absenteeism rates to 4% at JX and 7% at RL, reduction in the number of office referrals to 177 for RL and 205 for JX, and a reduction in the suspension rate to 1% at JX and 1.5% at RL.

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

GOAL 3:	use ne school messa Our bil	parent involvement, participation and engagement in students' education will increase. The District will ew strategies to enhance communications with parents, including improving the district and individual websites, expanding the use of electronic methods of communication (e.g. including email and text ging) and ensuring that parents have adequate access to translations at all important school meetings. ingual community liaisons will continue to contact families of at-risk students to increase engagement mmunication. More parents will participate on district and site-level committees.
Identified	Need:	Parents, including the parents of unduplicated students and the parents of students with exceptional needs, need improved communication in order to increase their level of engagement and their students' attendance for those identified as at risk for failure. Currently, we communicate by sending out paper notices of concerns in English and Spanish and follow up with phone calls by teachers and principals if needed. We do not use our website much or email or text notices to parents. Attendance improvement will be based on individual students' attendance if they have been identified as at risk. We will keep those numbers to look at improvement over the next three years.  In an average week, 20 parents come in to volunteer in their children's classrooms at each school. At the end of each year a Parent Satisfaction Survey is sent home to each family, an but only 27% of them are completed and returned.  Chronic absenteeism rates for 2014-15:  JX Wilson: 5%  RL Stevens: 8%  Middle school drop out rate: 0  High school graduation rate: N/A  High school graduation rate: N/A
Goal Appl		Schools: All Applicable Pupil All students Subgroups:

### **LCAP Year 1:** 2015-16

# Measurable Outcomes:

Expected Annual Our bilingual community liaisons will support struggling families in getting students to school and on time, translating conferences, IEPs, and other meetings, and providing links to a variety of community resources which may include medical care, dental care, legal support, tax preparation, and accessing government agencies. We should see an increase in attendance at both sites. Identified students will show a 10% improvement in attendance over the 14-15 school year and a reduction in chronic absenteeism to 6% at RL Stevens and 4% at JX Wilson. The District will install a new phone system that will allow contact with parents via text message and voice. The District will update and maintain its website with important information for parents and make it more interactive. The number of parents on district and site committees will increase by 30% over the 14-15 school year.

> We will see a 10% increase in the number of parent volunteers per week, on average, coming in to work in the classrooms at each school. The return rate for the year-end Parent Satisfaction Survey will increase to at least 30%.

Identified Need :	Students need to develop technological literacy. This will be measured by a student rubric provided by SCOE. We will add enough Chromebooks to give all grade 4-8 classrooms a complete set. Currently we have one set of Chromebooks per grade level at each site. Staff will attend voluntary Tech Talks held monthly to provide training in the use of technology with students. Currently teachers have not begun instructing students in technological literacy as they have not yet been trained. Students need a chance to practice creative analysis of problems through the Maker movement and will have opportunities at their sites to do so. Currently all students are at 1 on the SCOE 5 point rubric in technological literacy. Currently only 10 students at each school participate in a Make class.

Identified N	leed :	All students, including unduplicated students and students with exceptional needs, need to have access to a full range of courses, including enrichment opportunities, in order to increase student engagement. Although students now are provided with music and P.E. classes at all grades, enrichment opportunities both after school and during the school day need to be increased. Currently all students participate in music education one time per week and all students in grades 1-6 participate in dedicated PE classes one trimester per year. Currently 50 students at each school participate in team sports and 20 students in the district participate in coding classes. All students have instruction in math, ELA, science, social science, health, and visual arts as well.

#### **Annual Update**

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

#### **Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

What changes in actions, made as a result of reviewing past progress and/or changes to goals?

We realized as the year progressed that we had written the wrong metric into the goal. What we really needed to measure services, and expenditures will be was how we met our Title III goals under the AMAOs. We did however reclassify 95 students this year, far more than any previous year. What we will do for the coming year is focus on how many students attain English proficiency from both those here under 5 years and those here 5 years or more, the AMAOs. As for the budget, we spent only \$1625 of \$10,000 budgeted for professional development for ELD as we are redesigning our EL services based on this year's release of the new ELD framework. We also spent a lot less on translations as we over budgeted for this.

Original GOAL 2 from prior year LCAP:  All students will show measurable increases in proficiency on both formative assessments by 10% over measures given in the fall of 2014 and over summative assessments given in spring 2015. The District will develop and implement performance standards (rubrics), formative assessments, and standards based report cards at all grades. What changes in actions, services, and expenditures will be interim and formative assessments promised for August of 2014. They were actually released in March of 2015, much too late to use them. For this next year we will use those assessments and begin the year with formative assessments from which we will create a new baseline. We now have the results of the first official SBAC summative assessment and will use that as our baseline going forward. While we did develop a Kindergarten standards based report card, we will begin this next year with a report card committee established to review a proposed new standards based report card for all other grades. We will begin the discussion this year in our curriculum committees about using performance rubrics as well. We spent more money on EngageNY materials than budgeted this year by about \$10,000. We spent about \$75,000 less on professional development this year due to the lack of substitutes to allow us to schedule more trainings.				

Original GOAL 3 from prior year LCAP:  Parent communication will be improved in order to increase parent engagement in their student's education. The District will employ community liaisons for all sites who will be responsible for meeting with families in their homes and on site to help them access resources and approve student attendance. The liaisons will track interventions and work with district leadership to approve outcomes and modify their work based on the outcomes measured. Chronic absenteeism rates will drop by 10% each year from the 2013-14 rates.				Related State and/or Local Priorities: ir   1 _ 2 _ 3 X 4 _ 5 X 6 X 7 _ 8 X  COE only: 9 _ 10 _  Local: Specify

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	The positive action program was implemented in several grade levels at all sites by the counselors. The program has not been easy to implement and many teachers are not ready to implement it. The district will slowly expand the program in classrooms where teachers are ready to use it. The district will continue to use the Toolbox program at both sites. The measure that we put in this goal are not as aligned to the programs as we'd like so we will roll this goal into a larger intervention goal for 2015-16 with appropriate measures of success. The district found an increase in ADA at RL and a decrease at JX and no real improvement in suspensions. We budgeted \$45,000 for materials and training in Positive Action and spent \$8,144. We did not need to buy all the materials and only had one half day of training for staff last year. We did meet our budget for counselors and did not get the federal counseling grant we applied for.

#### Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

#### Total amount of Supplemental and Concentration grant funds calculated:

\$1,780,124

For the 2015-16 school year the district will expend these funds entirely for district-wide supports for English learners, low income youth, and foster youth. The district has 79% unduplicated counts so providing district-wide and school-wide services makes the most sense. Those services will be for maintaining enhanced staffing (ELD teachers, Title 1 reading teachers, counselors, bilingual community liaisons, director of curriculum, tech assistant, behavior specialists) and adding extra staff (another ELD teacher, another reading teacher, another half time counselor, a behavior specialist). This funding will also provide professional development for all staff.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

# 23.0 %

Based on the requiremenets of 5 CCR 15496 and based on the calculations described therein, the district's minimum proportionality percentage is 23.02%. The district will increase services quantitatively in 2015-16 by spending the entire supplemental and concentration grants on maintaining existing enhanced staffing while adding additional staff and services for low income, English learner, foster youth, and other students where appropriate. The increases will include ELD staff, intervention staff, school counselors, behavior specialist, as well as increased professional development for ELD, Common Core, Technology in the classroom, and Positive Behavior Interventions and Supports at all sites. Services will be improved qualitatively by using some of these new staff to produce higher quality instructional plans, assessments, and intervention plans. The district will provide intensive targeted instruction for EL, low income, and foster youth and intensive intervention for those identified students from the same subgroups who need it.

The percentage by which services for unduplicated pupils must be increased or improved, as compared to the services provided by all pupils, is 23.02%. The cost of the services to unduplicated students, described above, totals \$1,333,120; total funding equals \$5,572,047. \$1,333,120 divided by \$5,572,047 equals 23.9%, which meets the 23.02% MPP requirement for increased or improved services for our unduplicated students.

#### LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
  - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
  - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
  - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
  - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).

- (e) "Suspension rate" shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
  - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
  - (3) Divide (1) by (2).

01-13-15 [California Department of Education]
